

Walking the Camino de Santiago

Highlights of Spain's Pilgrimage Trail

October 6-19, 2026

WHAT TO EXPECT

Participants must be in very good health and able to keep up with an active group of walkers. Walks are moderate with some strenuous segments. On average guests will walk 4-5 miles each day over 2-4 hours. Our longest hike is 8 1/2 miles. Most walking activities take place between 2,000-5,000 feet.

Travelers should be able to walk on gravel and dirt hiking trails and through uneven meadows. Trails are well-marked, but some include rocky sections and steep ascents and descents. Sturdy walking/hiking shoes are required; ankle-high shoes are highly recommended. One should be able to use stairs without handrails and stand for periods of two hours at a time. One does not have to participate in every activity, but travelers should be aware of the pace.
