Travelers can visit the market, or opt for a morning hike surrounded by amazing views of the Andes Mountains. Later, enjoy exclusive access to the isolated community of Viacha, where you will learn about its artisanal potato farming practices and enjoy a traditional “Pachamanca” meal, cooked under hot stones. After lunch visit the archaeological complex at Písaq.

Lares Valley / Inca Sites and Villages

We take a scenic drive into the mountains along the celebrated “Inca Weaver’s Trail” to visit the unique archeological site of Ancasmарca and on to Lares. Choose between visiting the traditional and ancient weavers’ village of Choquecancha, or opt for hiking amidst turquoise blue lakes and towering peaks to the remote village of Huacahuasi, where we spend two nights. This lodge, which is run in joint venture with the local community, aims to protect the cultural heritage and the environment, and provides an interesting insight into the evolving role of the Andean people in both the culture and commerce of modern-day Cusco.

Lares Valley / Exploring Huacahuasi

If you’re in the mood for a cultural experience today, you can walk through the village of Huacahuasi and learn more about its heritage and daily activities, with a possible visit to a farmer’s home. The expert weavers and farmers will share their stories, each depicted in artful textiles full of traditional Incan symbols and imagery.

For those who want to go deeper into these remote mountains, challenge yourself with an all-day hike from the community of Quiswarani on the "Trail of 1,000 Lakes". See herds of alpacas and llamas grazing on hillsides, and make your way over challenging mountain passes. (An easier hike option is also offered this day.)

WHAT TO EXPECT

Participants must be in very good health and able to keep up with an active group of walkers to enjoy the trip. Most walks are moderate with some strenuous segments, and involve uneven gravel and dirt hiking trails. While trails are well marked, some include rocky sections and steep ascents and descents. Sturdy walking/hiking shoes are required; ankle-high shoes are highly recommended. Hiking poles are recommended.

On average guests will walk 2-6 miles each day over 3-5 hours. Our longest planned hike is 5 ½ miles. Most walking activities take place between 9,000-14,000 feet, and the guides will encourage a slow pace, with frequent stops. Our lodges are located at elevations up to 12,600 feet. Travelers should discuss the altitude of this trip with their physician.

One does not have to participate in every activity and walks are optional. If one chooses not to hike, there are options for cultural activities and visits to traditional communities. However, all travelers should be able to use stairs without handrails; stand for periods of two hours at a time during touring; and walk on uneven terrain, along narrow paths and up steps, especially around the archeological sites. An experienced guide will be with the group to provide interpretation as well as advice on the activities and the terrain.

In order to join the trip travelers are required to purchase medical evacuation insurance and complete a health and medical form.
